STAT

Sorry that we apparently had some crossed wires about your boy.

I find that there is a definite interest in him here which might fit in with his desires for next fall. However, before anything final can be determined, we will need to talk to him in Washington. At any time that it may be possible for him to be in Washington, he should contact our Personnel Division at 2130 E Street, N.W., and he will be put on the right track from there.

I am sure you will understand that a definite commitment for employment cannot be made now, and that final determination will take time and be based on a number of factors included in our processing of applicants.

With kindest personal regards,

Sincerely,

signed - dir via ER 17/50.
